Future Learn

Issued 4th August 2020. futurelearn.com/certificates/hw9ls14

Certificate of Achievement

Anindya Shiddhartha

has completed the following course:

INTRODUCTION TO UX AND ACCESSIBLE DESIGN
UAL CREATIVE COMPUTING INSTITUTE AND INSTITUTE OF CODING

On this online course learners took their first steps to becoming a UX designer informed and guided by the experiences of disabled UX experts. They got to grips with the guidance and regulations covering user interfaces, and learnt how to master CSS and JavaScript to make easier-to-use interfaces.

2 weeks, 2 hours per week

Mick Grierson
UAL Creative Computing Institute

ual: creative computing institute

institute of CODING

This learner has not verified their identity. The certificate and transcript do not imply the award of credit or the conferment of a qualification from UAL Creative Computing Institute and Institute of Coding

Anindya Shiddhartha

has completed the following course:

INTRODUCTION TO UX AND ACCESSIBLE DESIGN
UAL CREATIVE COMPUTING INSTITUTE AND INSTITUTE OF CODING

On this online course learners took their first steps to becoming a UX designer informed and guided by the experiences of disabled UX experts. They got to grips with the guidance and regulations covering user interfaces, and learnt how to master CSS and JavaScript to make easier-to-use interfaces.

STUDY REQUIREMENT
2 weeks, 2 hours per week

LEARNING OUTCOMES
- Explain the role of user experience (UX) and interfaces in design.
- Describe the main features of accessible digital UX design.
- Compare different types of digital UX design problems.
- Describe principles behind accessible website UX.
- Explore the accessible design approach.
- Explore approaches and stages of accessible design.
- Identify the roles and skills needed in the field of accessible interface design.

SYLLABUS
- What user interfaces actually are
- What skills you need in order to get started thinking about developing user interfaces
- How you can go about getting these skills in order to develop your career

This transcript should be read alongside the accompanying Certificate of Achievement.

TRANSCRIPT

UNIVERSITY OF LEEDS

institute of CODING

Anindya Shiddhartha

has completed the following course:

CREATING A GREAT USER EXPERIENCE FOR MOBILE APPS
UNIVERSITY OF LEEDS AND INSTITUTE OF CODING

100% AVERAGE TEST SCORE

Learners explored the world of app design with the Institute of Coding and learnt how to create a great user experience. They heard from industry professionals on how they go about designing and building apps for their users. Learners also had the opportunity to produce clickable prototypes from their own sketches and created their own app.

STUDY REQUIREMENT
2 weeks, 2 hours per week

LEARNING OUTCOMES
- Identify the features of a smartphone that influence the design of an app.
- Describe how interactive and visual features contribute to great user experience of apps.
- Discuss the various roles and stages necessary to make a mobile app.
- Identify and describe a simple problem that an app could solve.
- Design screens and architecture of a mobile app using pen, paper and your own smartphone.
- Produce clickable prototypes from your sketches and test them.

SYLLABUS
- How a smartphone works
- The features that make a phone interactive
- Looking for problems to solve with apps
- Designing an app
- Testing an app
- Meeting an app development team
